

# Standardized Testing 2022

Standardized testing is being offered by Florida certified teachers\* to comply with the home education law. We have chosen to administer the *Stanford Achievement Test 10* (SAT) because of its validity and reliability in measuring students' progress. The SAT evaluates student progress in reading, language, math, spelling, social studies, and science. This test is being administered to 3<sup>rd</sup> grade through 12<sup>th</sup> grade students. If you have Kindergarten, 1<sup>st</sup> or 2<sup>nd</sup> grade students, a personal evaluation is recommended. Furthermore, standardized testing is only recommended for strong 3<sup>rd</sup> graders. There is limited seating available for each grade level.

We want your child to have a positive test experience. We also want to make sure that this type of testing is best suited for your child. If you have any questions concerning testing, please feel free to email [jessiejohns8@gmail.com](mailto:jessiejohns8@gmail.com) with your concerns.

Your child should bring a snack to eat during breaks. They should also bring a book to read between breaks and if they complete their tests early. In addition, please bring two #2 pencils (a sharpener will be provided). Scratch paper and rulers will be provided for each student. If your child is in 4<sup>th</sup> grade and above, they may use a calculator as an option. They do NOT need calculators to solve the problems. Please make sure your child knows how to use the calculator they bring if they choose to have one. There will be NO instruction by proctors on the use of calculators. Further test day instructions will be given at a later time.
